Creating a Safe Space for Your Children

It is a good idea to create a special play space for babies and younger children. You can even use the corner of a room. It gives them somewhere to go to and makes them feel that they matter. Children also often play for longer if they have a special place to go to. Here are some ideas for creating the kind of play space that your children will want to go to:

- Put a rug, towel or cloth on the floor so that it is warm and cozy.
- Arrange toys so that your children can easily reach them.
- If you don't have toys, find safe things from around the house and put these out for your children to play with.
- Find a space on the wall to put up pictures that your children draw.
- Keep the space clean, tidy and safe for your children to play in.
